

REGULATIONS!

It is the responsibility of members to ensure that the premises and the machines are thoroughly cleaned after use, and that the utmost care is observed so damage and associated costs are avoided.

Order of the laundry rooms are on the booking boards who are posted outside each laundry.

Where warranted, we inform you that it is prohibited to simultaneously subscribe to two or more washtimes.

You should use a washing time, and then re-subscribe for additional washing time if there are available times.

Anyone who signed up for a washtime and not started washing at least one hour in to the washingtime has used his right to washtime. Another tenant then has the right to use the washingtime, unless otherwise specified in the laundry list.

NOTE! The same rules also apply in places where special mangle lists are.
