

Information

från Brf Venus

To reduce the risk of water damage, we want to encourage everyone to replace the stick in connection with kitchen or bathroom renovations.

The plug is the pipe bracket that runs from the main pipe and into the bathroom or kitchen!

Photo of a stick:

Please document the change with a picture before and after and attach an invoice from a company that is licensed to perform pipe installations in kitchens and / or bathrooms.

Brf Venus will then compensate you with 4000 SEK incl. VAT kitchen and 4000 SEK incl. VAT. bathroom if you do both.

Thank you for assisting us to avoid water damage that risks costing us all both inconvenience and high costs.

Regards,
Styrelsen Brf Venus
