FINALLY SPRING - SPRING CLEANING MAY 4

One of the year's highlights in terms of community and collaboration in this association, is our common cleaning day that we have in the spring.

Everyone is welcome to contribute their time and commitment, adults as well as children. It is all of us together who make it as nice as we want it to be in our immediate surroundings.

It is also a great opportunity to get to know your neighbor and build the security that there is someone to call on to borrow an ingredient for something, get a cat sitter or exchange services by taking care of each other's mail during the holidays.

Time & Place: at 10:00 outside the centre house at Gård 3
You are of course welcome to connect later if you can.
Around 1:00 p.m. lunch and coffee is served in the centre house,
then we continue until around 4:00 p.m. if necessary.

At 15:00-17:00, the garbage truck is set up on the turnpike, so you can take the opportunity to throw away things that are combustible.

If you have a bicycle outside or in one of our storage rooms, make

sure to label it with your name and address no later than the day before the cleaning day. All unmarked bicycles will be moved to temporary storage, reported to the police, and then removed after six months.

ANNUAL MEETING MAY 6

On Monday, May 6, you are invited to the annual general meeting, where you as a member of the association are welcome to contribute with both your presence and your vote. You get to meet the members of the board, hear what has happened during the year, what is current now and in the near future.

Time & Place: 19:00, the centre house, Gård 3

ELECTRICAL SCOOTERS

A common means of transport these days are the electric scooters that you can rent for a while via an app on your mobile phone. It is very practical if you want to save time to get from one point to another. However, we ask that you finish the ride and park in a suitable place outside the yard, do not bring it inside. Since we have a lot of small children running around and playing in the yards, they pose a danger if they bump into them and they fall on them.

BROADBAND SWITCH 13 MAY

We are now approaching the date when the broadband switch will take place, so we remind you who may need a new router to contact Bahnhof as soon as possible, if you want their variant. You are otherwise free to get one on your own, some may even have chosen to buy out the one they already have from Telenor.

During the day of the transition, you can count on disruptions in operations. Once you find that you can load the activation page from Bahnhof in your browser, you can then follow the instructions provided in the separate letter written by Bahnhof themselves that you received in February. If you have lost it, you can access it digitally via the website under the heading Newsletter.

Sincerely,

Members of the board of Brf Fjädern, Jarlaberg
